

**ONLINE: Sound Evidence: Clinical Management of SSD in Children**  
**By Professor A. Lynn Williams**

This workshop will run across 2 ONLINE sessions from 8.00-11.00am NZST  
Session 1 – Tuesday 15<sup>th</sup> June 2021  
Session 2 – Thursday 17<sup>th</sup> June 2021

**Sessions 1 and 2 will be recorded and available for later viewing until the 22<sup>nd</sup> of June 2021.**

## Online Learning

This series of two 3-hour tele-training modules is an online version of Dr Lynn Williams's "Sound: Evidence: Clinical Management of SSD in Children" 1-day event. Single registration cost is for each individual, not per site. Each person must register and attendance is required for both sessions. Zoom will be used to deliver the training with "meeting room" details emailed to participants prior to each module. You will need to download Zoom software to your computer. A webcam and inbuilt microphone on your computer is also preferable so you can fully participate.

## Intended Participants

This online Continuing Professional Development (CPD) event is intended for students and practitioners in speech-language pathology/speech-language therapy interested in evidence based interventions for children with speech sound disorders.

## Readings and Resources

There are no recommended pre-readings, however, registrants will be required to print out handouts in advance to complete different analyses. Dr Williams recommends having red, blue, and black pens and a highlighter available when completing analyses during the course.

## Learning Objectives

Following this event participants will be able to:

- Complete the phonological analyses of disordered speech using an error analysis (PVM analysis) and a systematic analysis (SPACS).
- Apply current research evidence to design and implement an appropriate methodology for a child's speech sound disorder.
- Use clinical reasoning to select the most appropriate models for phonological analysis, target selection, and intervention.

## Content and Format

The purpose of this seminar is to discuss evidence-based practices related to the clinical management of speech sound disorders (SSD) in children. Principles of phonological analysis, target selection, and intervention will be presented with emphasis on integrating current research evidence with clinical reasoning to determine the most appropriate approaches to implement with particular subgroups of children with SSD. The Phonological Intervention Taxonomy will be discussed as a way for making reasoned clinical decisions about interventions.

## About Professor A. Lynn Williams

Lynn Williams is Associate Dean in the College of Clinical and Rehabilitative Health Sciences at East Tennessee State University and Professor in the Department of Audiology & Speech-Language Pathology. Her research has focused on development of a new model of phonological intervention called multiple oppositions that has been the basis of federally funded intervention studies by the National Institutes of Health (NIH). She is also well known for developing the phonological intervention software program called Sound Contrasts in Phonology (SCIP). Dr Williams has co-edited a book on *Interventions for Speech Sound Disorders in Children*, which is now in its second edition and was released in Nov 2020. She is a Fellow of the American Speech-Language-Hearing Association and is the 2021 ASHA President.

## Registration Fees

Registration fees include Humantix's online payment processing fee. Limited places are available for Super Early Bird (20% discount) and Early Bird (10% discount) registration.

Registration Type	Workshop Fee	Humanitix Fee	Total Fee
Super Early Bird	\$176.00	\$9.29	\$185.29
Early Bird	\$198.00	\$10.39	\$208.39
Full Rate	\$220.00	\$11.49	\$231.49
Final Year SLT Student	\$120.00	\$6.49	\$126.49

To register, please go to [www.skillbuildersslt.com/training](http://www.skillbuildersslt.com/training) and click on the registration link.

## Terms and Conditions

**Registration** – Registrations are open until 2 weeks prior to the event date or until each ticket type is 'sold out'. The workshop will only run if a minimum of 20 registrants are met. Registration fees includes PDF handouts and a certificate of attendance when registrants attend both modules.

**Cancellation Policy** - Cancellations must be sent in writing to Skill Builders Speech Language Therapy. If the registrant cancels or is a non-attender at the event: 100% of the registration fee refunded if cancellation occurs up to 7 days prior to the event; no refund will be given if cancellation occurs within 7 days before the event or for non-attendance on the day(s). 100% of the registration fee will be refunded if the event is cancelled. Skill Builders bears no responsibility for any costs incurred or loss of income. **For online learning, refunds will not be provided to registrants who are unable to attend follow-up sessions. Transfer of registration to a colleague after Session 1 will not be allowed. Please only register if you can attend both sessions.**

**Recording/Filming/Photography Not Permitted by Registrants:** Registrants are NOT permitted to record any or part of this event in any format including audio recording, video recording, or through use of mobile devices for filming or photography.

**Technology/Trouble Shooting:** Skill Builders bears no responsibility for technological difficulties experienced by participants due to slow internet connections. Trouble shooting assistance will be limited during sessions and participants are encouraged to familiarise themselves with Zoom.
