

## ONLINE: Speech Sound Disorders – Seeing Situations Differently

By Dr Anna Cronin, Dr Sharon Crosbie, Dr Kieran Flanagan, and A/Professor Alison Holm

This workshop will run across 2 ONLINE sessions from 3.00pm-6.30pm NZST  
Session 1 – Monday, 28<sup>th</sup> August, 2023  
Session 2 – Thursday, 31<sup>st</sup> August, 2023

Sessions will be live (3.00pm-6.30pm NZST) and will not be recorded, or available for later viewing.

### Online Learning

This workshop runs over two 3.5-hour sessions. Every speech pathologist working with children with speech sound disorder will have a list of conditions they prefer to treat. This event aims to move more conditions on to the list of favourites.

Single registration cost is for each individual, not per site. Each person must register and attendance is required for both sessions. Zoom will be used to deliver the training with “meeting room” details emailed to participants prior to each module. You will need to download Zoom software to your computer. A webcam and inbuilt microphone on your computer is also preferable so you can fully participate.

*Please note that this training will not be recorded for later viewing.*

### Intended Participants

Registrants must be speech pathologists or speech pathology students who have undertaken relevant lectures/coursework/clinical placements in child and adolescent interventions and/or in disability. This workshop will be suitable for clinicians currently working with children with speech sound disorders.

### Readings and Resources

This course requires completion of a pre-workshop learning activity that will be distributed via email within seven days prior to Session 1. If you do not receive this communication, please contact Voon at [voon@skillbuildersslt.com](mailto:voon@skillbuildersslt.com).

### Learning Objectives

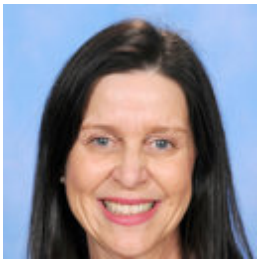

Upon successful completion of this workshop, participants will be able to

- describe the features and characteristics of a range of speech sound disorders occurring in children’s development in order to articulate strategies for differential diagnosis,
- summarise assessment and intervention strategies for working with children with childhood apraxia of speech, dysarthria, cleft palate, phonological delay, phonological disorder, inconsistent phonological disorder and speech sound disorders with bilingual clients,
- identify assessment and intervention considerations for specific diagnoses,
- apply knowledge of assessment and intervention for speech sound disorders to diverse clinical populations.

## About Dr Anna Cronin, Dr Sharon Crosbie, Dr Kieran Flanagan, and A/Professor Alison Holm

Anna Cronin is a lecturer of speech pathology, and academic, at the Australian Catholic University on the Brisbane campus. She is a certified practising speech pathologist and currently works with preschool aged children in the community, as well as teaching. Anna received her PhD in 2020 from Charles Sturt University, for which she received the university medal for a higher degree by research. Dr Cronin has extensive experience working clinically as a speech pathologist with children with cleft and craniofacial conditions and their families.

Sharon Crosbie is a Senior Lecturer of speech pathology at the ACU on the Brisbane campus. Sharon is a certified practising speech pathologist and works with primary school children in the school setting. Her research interests are clinically driven and include speech and language development and disorder in children. Sharon completed her PhD in 2002 at the University of Newcastle upon Tyne (UK). Her research investigated psycholinguistic models to understand comprehension skills of children with DLD.

Kieran Flanagan is a speech pathologist with almost 20 years' experience working in a combination of clinical practice, research and university teaching. He is currently a Senior Lecturer in Speech Pathology at Australian Catholic University Brisbane campus. The majority of Kieran's career has been spent working with children with complex speech sound disorders such as childhood apraxia of speech and dysarthria. Dr Flanagan has presented numerous professional development events for paediatric motor speech disorders.

Alison Holm is an Associate Professor of speech pathology at the University of Tasmania. She is a certified practising speech pathologist with clinical expertise and significant research experience in the area of monolingual English and multilingual children's speech and language development and disorder. Alison has worked extensively with Professor Barbara Dodd and Dr Sharon Crosbie on assessment, differential diagnosis and intervention for children with speech sound disorders.

## Registration Fees

Registration fees include Humantix's online payment processing fee. **Early Bird** (10% discount) tickets are available until 11.55pm 21<sup>st</sup> of July 2023. On the 22<sup>nd</sup> of July 2023, **Full Rate** tickets prices become activated and remain available until the event is "sold out". A **Student Rate** is available for final year SLT students with a few spots made available to encourage student clinicians to embark on additional training before graduating from their course and entering the workforce.

Registration Type	Workshop Fee	Humanitix Fee + GST	Total Fee
Early Bird	\$234.00	\$14.02	\$248.02
Full Rate	\$260.00	\$15.51	\$275.51
Student Rate	\$160.00	\$9.76	\$169.76

To register, please go to [www.skillbuildersslt.com/training](http://www.skillbuildersslt.com/training) and click on the registration link.

## Terms and Conditions

**Registration** – Registrations are open until 1 week prior to the event date or until each ticket type is 'sold out'. The workshop will only run if a minimum of 20 registrants are met. Registration fees includes PDF handouts and a certificate of attendance when registrants attend both modules.

**Cancellation Policy** - Cancellations must be sent in writing to Skill Builders Speech Language Therapy. If the registrant cancels or is a non-attende at the event: 100% of the registration fee refunded if cancellation occurs up to 7 days prior to the event; no refund will be given if cancellation occurs within 7 days before the event or for non-attendance on the day(s). 100% of the registration fee will be refunded if the event is cancelled. Skill Builders bears no responsibility for any costs incurred or loss of income. **For online learning, refunds will not be provided to registrants who are unable to attend follow-up modules. Transfer of registration to a colleague after module 1 will not be allowed. Please only register if you can attend both sessions.**

**Recording/Filming/Photography Not Permitted by Registrants:** Registrants are NOT permitted to record any or part of this event in any format including audio recording, video recording, or through use of mobile devices for filming or photography.

**Technology/Trouble Shooting:** Skill Builders bears no responsibility for technological difficulties experienced by participants due to slow internet connections. Trouble shooting assistance will be limited during sessions and participants are encouraged to familiarise themselves with Zoom.

Places are limited to ensure opportunities for interaction and questions.

For any enquiries regarding the training event or registration process please contact Voon Pang, Skill Builders Speech Language Therapy on [voon@skillbuildersslt.com](mailto:voon@skillbuildersslt.com)
